On 12/7/2023, the ACO Board of Managers approved an MSSP Waiver pursuant to 80 Federal Register 66726 (10/29/2015) related to incentive metrics for the Participants' professional services agreements with their exclusively contracted medical groups, effective 1/1/2024. The parties to these arrangements are as follows:

- Sutter Bay Medical Foundation and Palo Alto Foundation Medical Group
- Sutter Valley Medical Foundation and Gould Medical Group

The incentive metrics focus on network optimization and increasing the overall percentage of outpatient procedures performed at Sutter Health facilities with the goals of improving quality, patient experience, coordination of care, and clinician experience while reducing health care costs.
